INVITATION

Mercredi 5 décembre 2018 à partir de 19h00

CONFÉRENCE INAUGURALE
DU 20e CONGRÈS MONDIAL DE LA SOCIÉTÉ INTERNATIONALE DE SÉNOLOGIE (SIS)
ET DU COLLÈGE NATIONAL DES GYNÉCOLOGUES ET OBSTÉTRICIENS FRANÇAIS (CNGOF)

Lieu : hémicycle du Conseil de l'Europe 528 avenue de l'Europe à Strasbourg

La SIS et le CNGOF sont heureux de vous inviter à la soirée inaugurale de leurs congrès sur le thème

Le cancer du sein : coup d'œil sur l'avenir

A cette occasion, Monsieur Christophe Lannelongue, Directeur Général de l'ARS Grand Est, un représentant du Corps Consulaire de Strasbourg, Monsieur Christophe Gautier, Directeur Général des HUS, Madame Lilla Merabet, Vice-présidente de la Région Grand Est, Docteur Alexandre Feltz, adjoint au Maire de Strasbourg, Dr Frédéric De Bels (Responsable du département Dépistage du Pôle Santé Publique, INCa) ainsi que Pr Ruben Orda (Directeur de l'International School of Senology), Pr Vahit Ozmen (Co-président du congrès de la SIS), nous feront l'honneur de leur présence. Dans la perspective de nous retrouver à cette cérémonie, soyez assurés, Madame, Monsieur, de toute notre considération.

PROGRAMME

1. La santé du sein de demain : quels changements ?

- pour l'Europe : *Mr Jan Malinowski (Chef de service de la Charte Sociale Européenne)*

- pour les assurances et les mutuelles : *Mr André Renaudin (Directeur Général de l'AG2R La Mondiale)*

- pour les patientes : *Mme Natacha Espié (Présidente France d'Europa Donna), Mr Gilbert Schneider (Président de la Ligue contre le cancer du Bas-Rhin), Dr Philippe Quetin (Vice-Président de la Ligue contre le cancer de Moselle), Mr Gérard Hrodej (Président de SEVE, Sein et Vie) et Mr Pierre Alain Mendler (Président d'Alsace contre le cancer)*

Discussions avec le public

2. La santé du sein de demain à l'ère de l'intelligence artificielle et du digital

- Le point de vue de nos data-scientists : *Mr Jérémy Harroch (PDG de Quantmetry)*

- Le point de vue de nos chercheurs : *Dr Fabien Alpy (chargé de recherche à l'IGBMC)*

- La médecine de demain à l'ère de la télémédecine : *(Pr Michel Pinget, Président du CEED)*

Discussions avec le public

3. Le cancer du sein, une maladie de société ?

- Les grands changements dans la santé du sein de demain *(Pr Carole Mathelin, Présidente de la SIS)*

- la vision du généticien *(Dr Michael Morris, Directeur de la Génétique SYNLAB Suisse)*

- la vision du gynécologue *(Pr Israël Nisand, Président du CNGOF)*

- Le point de vue de nos politiques : *Mme Catherine Trautmann (Vice-Présidente de l'Eurométropole de Strasbourg)*

Discussions avec le public

PLENARY SESSIONS

Thursday December 6th 2018

8.30 am	**Participants welcome**
	Room SCHUMAN
8.45-10.30 am	**Senology worldwide**
	Presidents: *Carole Mathelin, Sergey Portnoy and Vahit Özmen*
15 min	History of SIS *(Edelmiro Iglesias)*
15 min	Dual accreditation program for breast cancer units *(Ruben Orda)*
15 min	Breast imaging: practicals disparity in the world *(Pierre Wagner)*
15 min	Triple-Negative breast cancer: Algerian specificities *(Amal Kouchkar)*
15 min	Worldwide senology news in 2018 *(Emile Darai)*
30 min	**Synthesis (roundtable proposal) and Discussions**
10.30-11 am	**BREAK – BOOTHS VISIT**
11 am-12.30	**Current results and new frontiers of breast cancer screening**
	Presidents: *Brigitte Séradour, Alexander Mundinger and Catherine Guldenfels*
15 min	Effectiveness of quality controlled national mammography screening: the Israeli experience *(Miri Ziv)*
15 min	The new frontiers of risk-based breast cancer screening *(Alexander Mundinger)*
15 min	Breast cancer screening in Turkey (Bahcesehir Population Based Screening Program) *(Erkin Aribal)*
15 min	Which future for breast cancer screening in France? *(Laurent Verzaux)*
30 min	**Synthesis (roundtable proposal) and Discussions**
12.30-1.45 pm	**LUNCH**
1.45 pm-3.30	**Young women breast cancer**
	Presidents: *Catherine Uzan, Jean-Emmanuel Kurtz and Christine Maugard*
15 min	Progress in genetic breast cancer and impact on screening programs for women at risk *(Elisabeth Luporsi)*
15 min	Prophylactic breast surgery for high risk women *(Atilla Soran)*
15 min	Are there specificities for breast cancer surgery in young women? *(Cihan Uras)*
15 min	What is the new in oncoplastic surgery *(Madhi Rezai)*
15 min	Interest of tumor genes profiling *(Tayfun Özçelik)*
30 min	**Synthesis (roundtable proposal) and Discussions**
3.30-4 pm	**BREAK – BOOTHS VISIT**
4 pm-5.30	**Update of contraception, pregnancy and oncofertility in breast cancer patients**
	Presidents: *Nathalie Chabbert-Buffet, Bernard Hédon and Catherine Gay*
15 min	Oncofertility and breast cancer *(Michael Grynberg)*
15 min	Pregnancy and breast cancer *(Charlotte Vaysse)*
15 min	Breast cancer imaging for young women or during pregnancy *(Luc Ceugnart)*
15 min	Contraception and breast cancer *(Gérard Boutet)*
30 min	**Synthesis (roundtable proposal) and Discussions**
6 pm – 7 pm	**Oral presentation and awards of the 10 best e-Posters*: CNGOF and SIS Award (Part 1) and CNGOF award** Presidents: *Catherine Tomasetto, Yosef Yarden and Lahcen Boukhanni*
8 pm	**ORCHESTRAL EVENING**

Friday December 7th 2018

8.30 am	**Participants welcome**
	Room SCHUMAN
8.45 am-10.30	**Evolution in breast imaging, pathological anatomy, surgery and medical oncology**
	Presidents: *Luc Rotenberg, Attila Soran and Charles Coutant*
15 min	Breast imaging: today and tomorrow *(Jean-Yves Seror)*
15 min	Ductal carcinoma in situ of the breast: today and tomorrow *(Schlomo Schneebaum)*
15 min	Breast cancer local surgery: today and tomorrow *(Vahit Özmen)*
15 min	Breast cancer axillary surgery: today and tomorrow *(Eli Avisar)*
15 min	Medical oncological treatments: yesterday, today, tomorrow *(Marc Espié)*
30 min	**Synthesis (roundtable proposal) and Discussions**
10.30-11 am	**BREAK – BOOTHS VISIT**
11 am-12.30	**Challenges and achievements of breast diseases care: international scope**
	Presidents: *Hassan Errihani, Hind M'Rabti and Mamadou Mbodj*
15 min	Nepal *(Birendra Joshi)*
15 min	Turkey *(Bahadır Güllüoğlu)*
15 min	Japan *(Seigo Nakamura)*
15 min	Neoadjuvant therapy of breast cancer: past, present and future *(Vladimir Semiglazov)*
15 min	China *(Xishan Hao)*
15 min	The use of the new staging of breast cancer in developing countries *(Jorge Novelli)*
12.30-2 pm	**LUNCH**
2 pm-3.30	**The digital revolution in Senology: big data, artificial intelligence, machine learning and connected devices**
	Presidents: *Pierre-Jean Lamy, Fabien Alpy and Sébastien Letellié*
15 min	Big data generality. Big data and breast cancer: evolution or revolution? *(Karl Neuberger)*
15 min	Data and big data in pathology at the service of tomorrow's medicine *(Jean Pierre Bellocq)*
15 min	Breast cancer and biomarkers: interest of big data and algorithms *(Nathalie Reix)*
15 min	The connected sleeve for the prevention of lymphedema and connected bra: it is for tomorrow? *(Vincent Dejouy)*
30 min	**Discussions and connected devices demonstration**
3.30-4 pm	**BREAK – BOOTHS VISIT**
4 pm-5.30	**The future of Senology worldwide: open problems, new visions and solutions**
	Presidents: *Catherine Tomasetto, Mauricio Magalhães Costa and Pierre-Jean Lamy*
15 min	How to limit overdiagnosis and overtreatment? *(Catherine Uzan)*
